

St Francis of Assisi Trust Schools Policy List 2025-26

Some policies in Trust schools are central policies, some will be centrally produced but require significant local input, and other policies will be locally produced at the Academy level.

The following table presents all the policies that each school requires. It also shows whether the policy is effectively to be adopted verbatim from the Trust original with minimal edits (A), or whether local arrangements need to be put in place to complete the Trust policy and then reviewed by the full LGB (B), or whether the policy is written locally and approved by the full LGB (C).
